Mr. Hurvitz:

This letter is to show our appreciation of Wisdek's services. For over a year now, we've been using Wisdek for top ranking placement in the sponsored link sections of Google and are extremely pleased with the results. We continue to check our placements on many key phrases and our rankings are still on top exactly as you promised.

In the past, we have used other companies such as Elocal Listings as well as Local Pull but were very disappointed as they both failed to deliver on even the basic promise of what they claimed they could do for us.

Just recently, we awarded you a contract to place our company in the local listing section of Google; we were amazed that it only took 3 days to get top ranking, wow! We look forward to many more advertising campaigns, including SEO marketing as well.

For anyone thinking of using Wisdek, what are you waiting for? You don't know what you're missing!

There just no better way to say it. It's a pleasure doing business with you!

Sincerely, 

Todd R. Saunders
